Capitol Heights, MD 20743

USF Reference: Case 1-812608

Subject: CC Docket Nos. 96-45 and 97-21  
Request for Waiver

To Whom It May Concern:

The Camden Board of Education requests a waiver to move equipment from the Early Childhood Development Center (ECDC) located at 1600 Pine St., Camden, NJ 08103. The USF Funding Request Numbers are as follows:

FRN – 844978 - Vertex Technologies

FRN – 854519 – Dell Computer Corp.

The former ECDC will be torn down on 9/30/03. ECDC will be rebuilt in at least 2 years at the same location. Students from the former ECDC will be now housed in 21 classrooms in the following locations:

Mt. Calvary Baptist Church (8 classrooms)  
1198 Lawrence St.  
Camden, NJ 08103

Sacred Heart Catholic Church (13 Classrooms)  
11 N. Black Horse Pk  
Mt Ephriam NJ 08059

There will be locations in each building where only school activities take place. No church business will take place on Camden Board of Education equipment.

We would also like the opportunity to move the remainder of the equipment to another Erate location inside the district. Funding for the district was approved at 86%; is it possible to move it to any location? If not, would it be possible to move it to one of the 90% funded schools.

Clyde Waters, Network Engineer
